

Web Site Committee

These individuals have interest in the web site development and maintenance. They will collect information about the web site and evaluate it for change..

The activities consist of:

- Reviewing all material to be published on the web site.
- Committee will define procedure to submit web site updates and the acceptable formats.
- They shall accept web site content from GGS Committee chairs and GGS board members.
- They shall keep the web site current with time sensitive material for GGS
- Shall keep the sales pages up-to-date and coordinate with the sales committee
- Shall keep updated records of all accounts, user names, and passwords used for the web site.
- They shall maintain passwords for the members only pages.
